DR. FLEMING STATEMENT ON TRUMP RALLY SHOOTING:

For years, President Trump has been aggressively investigated and prosecuted and portrayed as an authoritarian dictator. It has even been claimed that his re-election would be the end of democracy in America. This type of behavior must end immediately. It may very well have triggered the attempted assassination of President Trump. At the same time, the Secret Service must be given additional resources to bolster their protection of President Trump. A full investigation must be launched to determine how there was such a massive breakdown of protection in Butler, PA that allowed the assassin close access to the Trump rally. We must make sure this type of security lapse never happens again. Thankfully, President Trump was not killed, but one attendee did lose his life and two others were seriously wounded. Please join me in praying for President Trump, the other victims of this heinous attack, and our nation.

STATE TREASURER ANNOUNCES BOND COMMISSION APPROVALS:

On Thursday June 20, the Louisiana State Bond Commission approved funding for a variety of projects across the state. According to Louisiana State Treasurer John Fleming, M.D., “This funding will address critical needs in parishes throughout our state.” In 2024, the State Bond Commission issued \$293.82 million General Obligation bonds to fund capital projects as well as \$97.105 million in General Obligation Refunding Bonds to refinance outstanding bonds providing the State with \$3.12 million in net present value savings.

Overall, the State Bond Commission has approved 95 debt applications totaling \$3.89 billion and 144 local government elections.

State Treasurer Fleming credited this success to the “hard work of our talented team of dedicated professionals.”
